Dear WT Kaloupek,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at [www.psc.sc.gov](http://www.psc.sc.gov).

- Docket No. 2017-370-E - Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Incorporated for Review and Approval of a Proposed Business Combination between SCANA Corporation and Dominion Energy, Incorporated, as May Be Required, and for a Prudency Determination Regarding the Abandonment of the V.C. Summer Units 2 & 3 Project and Associated Customer Benefits and Cost Recovery Plans

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you can follow the individual Docket at the link listed below:

Mr. Howard, I understand that you represent the Charleston area on the Public Service Commission. I live in Mt Pleasant and am a PSE&G customer. I also understand that you are a long-serving member of the Commission. As such, it should be fair to say that you have some level of ownership of the current situation.

I am looking for those who have oversight to extract some accountability from SCANA. It would be satisfying to receive an apology for their incompetence and mismanagement. The Dominion deal leaves customers holding the bag for the costs of the abandoned reactors in order to save the investors and Directors. A bad deal for us little folks. Scana Bankruptcy may be the best option for customers. Please don't close the door to that outcome and please exact some payback on behalf of customers.

I look forward to hearing from you. Thank you and Good luck. WT Kaloupek. \_\_\_\_\_, Mt Pleasant, SC
